Class Entry Fee £15 Entries to The College EC

Foal and mare registration with the Westfälisches Pferdestammbuch

Keysoe, 17.08.2010

Foals

The foals will get the Westphalian branding and a microchip. The costs are

- **€65** if the foal is out of a mare of a breed that is recognised by the Westfälisches Pferdestammbuch, and has a full 3 generation pedigree, and the sire is a stallion that is listed in the Westfälisches Pferdestammbuch with a stallion owner that is also registered with us OR

- **€115** if the stallion and the stallion owner are not registered in our studbook. These stallions must be licensed for breeding by another warmblood stud book and if more than 3 years old at the time of covering must have successfully completed a performance test; OR

- **€140** if the mare and the stallion are not registered breeding horses and do not have full 3 generation pedigrees. These foals can only be microchipped and are not allowed to have the Westphalian brand.

Prices include registration and a passport with certificate of ownership and a UELN number.

Mares

The Westfälisches Pferdestammbuch will also be registering mares as breeding mares at the show in Keysoe. To be eligible the mares must have 3 (or preferably 4) generations of full pedigree and the original papers or passport of the mare must be provided for over stamping, in order to register the mare as a breeding mare in the studbook. The cost for this is **€50**.

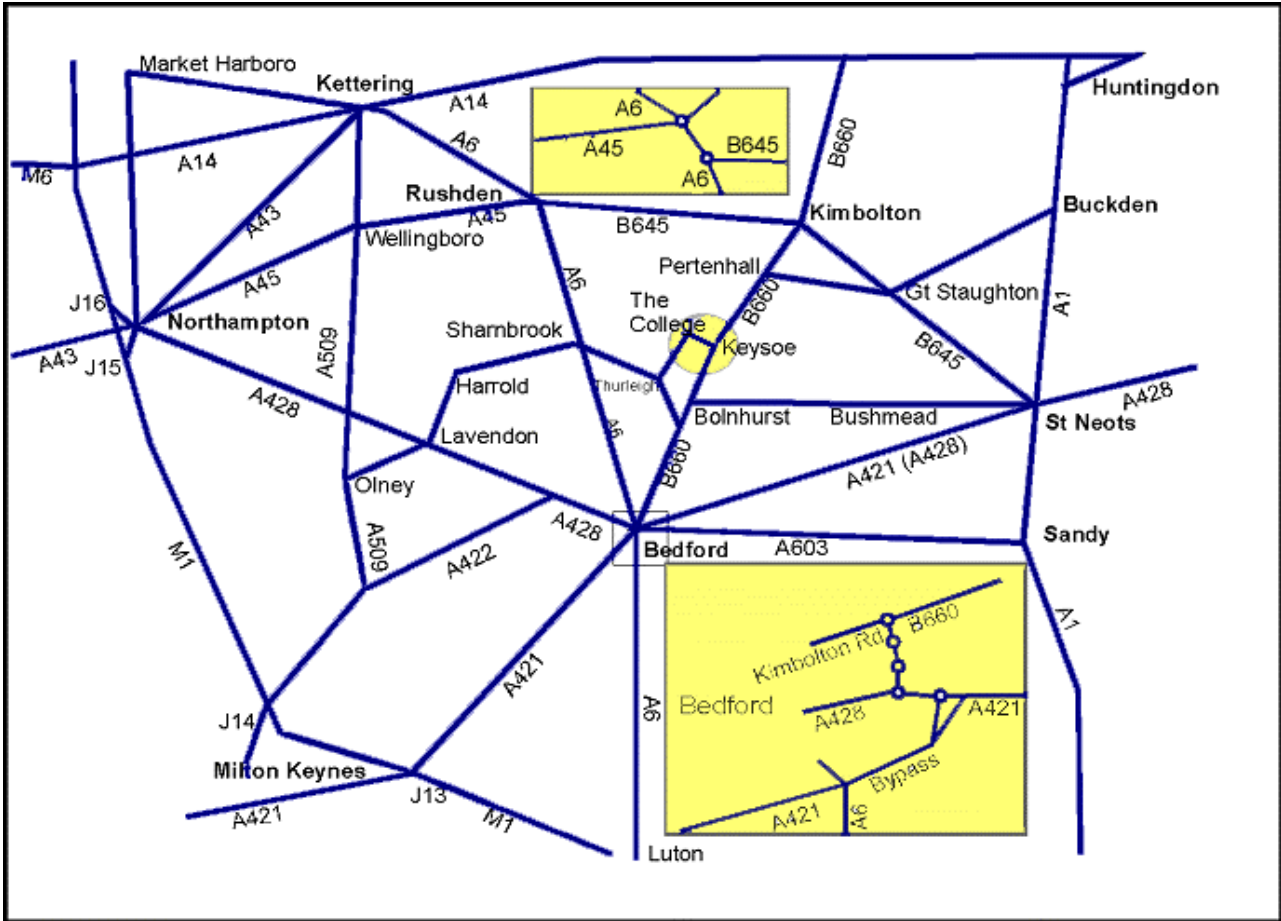

All breeding mares will be DNA tested by hair sample as part of the registration procedure. The cost for this test is **€ 25**. Other horses that are presented for registration and are older than foals, will also be DNA tested by hair sample and the cost for this is also **€ 25**.

The mares must be shown to the commission in-hand on the triangle in walk and trot with their foals at foot.

Membership

If you are not a member of the Westfälisches Pferdestammbuch you have to become a member if you want to breed Westphalian horses in the future. If you want to breed only one foal, you will have to pay an annual membership fee about **€ 55**. In this case you do not have to become an active member of our association and do not need to pay the fee for becoming an active member, which is about **€100**, nor the annual membership fee about **€55**, nor the annual fee for each active breeding mare, which is about **25**. However, if you wish to become an active member we can give you a membership application form and you can also download it from the Westfälisches Pferdestammbuch homepage, www.westfalenpferde.de

MAIN ROUTES & DIRECTIONS TO THE COLLEGE
